THE INSTITUTE

OUR HISTORY

We welcomed our first cosmetology class on November 26, 2006 as The Salon Professional Academy in temporary facilities located in The Villages Florida as development progressed on our nearby permanent campus. The Campus that we enjoy today was completed on schedule and opened its doors to our second cosmetology class on January 8, 2007 and invited the public to enjoy the student cosmetology services and retail opportunities provided on our spacious clinic floor. To keep pace with the rapidly changing beauty and education industries a decision was made in 2016 to rebrand the school as Tenaj Salon Institute.

Other miscellaneous charges to the students for replacement books & tablets, extra kit items, products, etc., or debts to the Institute incurred by the student will be calculated separately at time of withdrawal/termination. Kits, books and tablets that have been issued to the student may not be returned to the Institute for refund upon termination of enrollment.
8. The Institute reserves the right to reschedule, postpone, or cancel classes. If the course is rescheduled, postponed, or cancelled subsequent to a student’s enrollment and before instruction in the course has begun, the Institute will provide a refund of all monies paid.
9. If the Institute discontinues a course or program of education during a period of time within which a student could have reasonably completed the same, a full refund of tuition and fees will be made to the student; except that this provision shall not apply in the event that the Institute ceases operation.

10.If the Institute is permanently closed or no longer offering instruction, after a student has enrolled, the Institute will provide the student a reasonable opportunity to promptly resume and complete the cancelled course(s) of study or receive a prorated refund or a substantially similar course of study at an institution(s) which offers similar educational programs, in the same geographic area as the Institute. The teach-out school shall not charge students more than the Institute has been charging and for which the student has not paid. Individual notice shall be provided to students.

PLACEMENT AND EMPLOYMENT

The Institute exhibits a successful placement record for graduating students. Those students that are focused, highly determined, motivated, and serious, are in high demand in the ever growing beauty industry.

The Institute maintains contacts in the cosmetology profession to assist students in job placement. Employers are encouraged to interview students, and every effort is made to secure a job opportunity for each graduate. The program curriculum includes segments on salon business, job search skills and interview skills. Job opportunities are routinely announced and posted in the student breakroom. The Institute cannot guarantee student job placement. Students are monitored on job placement following their graduation in an effort to offer further assistance if requested.

FINANCIAL AID PROGRAMS

For those students who qualify the Institute participates in Federal Pell Grant Program. Also the Institute participates in the Stafford/Ford Subsidized Direct Loan Program, Stafford/Ford Unsubsidized Direct Loan Program and their associated Plus Loans elements. To apply for federal financial aid, the student must complete the Free Application for Federal Student Aid (FAFSA), and supply the required documentation or verification of the information as submitted.

- 1) Subsidized loans are need based; based on the school's COA and the Student's Estimated Family Contributions (EFC), a determination is made concerning the need or lack thereof.
- 2) Unsubsidized loans are not need based. School personnel counsel each student carefully as a means of enabling students to minimize the amount of debt incurred while attending school.
- 3) The Pell Grant is a grant to those who qualify (qualification is based on The EFC determined when completing the FAFSA) and does not have to be repaid except in cases where a student fails to complete a specified percentage of the pay period of which they are currently attending. In cases where a student withdraws before completing 60% of the specified pay period, a portion of the grant becomes the student's liability and as such may create a greater liability on the student in terms of balance owed the school.

The financial aid administrator works with students in determining loan amount needs, all loans must be certified by the school's financial aid office. All student loans are binding agreements between the student and the U S Department of Education and as such must be repaid. Failure to repay student loans by student's and or parents (Plus Loan) to the U S Department of Education as scheduled on the promissory note will have adverse effects on the individual's credit history.

Students are apprised of expected federal funds for a specified award period on or before the first day of class based on financial and or other pertinent information the student provides to the school when filing or verifying FAFSA information. Federal funds shall be disbursed at 1 hour, 451 hours and 901 hours. Disbursement of federal funds is contingent on the students being in satisfactory progress at the scheduled disbursement date. Failure to maintain satisfactory progress as defined in the school's satisfactory progress policy will cause a student's federal funds to be withdrawn.

STUDENTS RIGHTS AND PRIVACY ACT (FERPA)

The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education.

FERPA gives parents of dependent minors certain rights with respect to their children's education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are "eligible students."

Parents of dependent minors or eligible students have the right to inspect and review the student's education records maintained by the school. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records. The Institute will provide copies at the cost of \$1.00 per page.

Parents of dependent minors or eligible students have the right to request that a school correct records which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent

or eligible student has the right to place a statement with the record setting forth his or her view about the contested information.

Generally, schools must have written permission from the parent of dependent minors or eligible student in order to release any information from a student's education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions (34 CFR § 99.31):

- 1) School officials with legitimate educational interest;
- 2) Other schools to which a student is transferring;
- 3) Specified officials for audit or evaluation purposes;
- 4) Appropriate parties in connection with financial aid to a student;
- 5) Organizations conducting certain studies for or on behalf of the school;
- 6) Accrediting organizations;
- 7) To comply with a judicial order or lawfully issued subpoena;
- 8) Appropriate officials in cases of health and safety emergencies;
- 9) State and local authorities, within a juvenile justice system, pursuant to State law.

Schools may disclose, without consent, "directory" information such as a student's name, address, telephone number, date and place of birth, honors and awards, and dates of attendance. However, schools must tell parents and eligible students about directory information and allow parents and eligible students a reasonable amount of time to request that the school not disclose directory information about them. Schools must notify parents and eligible students annually of their rights under FERPA. The actual means of notification (special letter, inclusion in a bulletin, student handbook, or newspaper article) is left to the discretion of each school.

STUDENT SERVICES

The Institute presents a package of student services, including;

- 1) Academic Advisement;
Academic advising is provided monthly during the student's monthly Personal Development Meeting (PDM) and at the 450 and 900 hour formal evaluation point.
- 2) Financial Aid Advisement;
Students are advised of their loan repayment obligations prior to commencement of class, throughout their time in school and during their exit interview.
- 3) Personal Advisement;
The Institute's Title IX Coordinator maintains a referral list of local, state and federal agencies to assist student with mental health issues, drug and alcohol counseling, crime reporting, domestic abuse and sexual Assault.
- 4) Placement Services;

RESPONSIBILITY FOR CATALOG INFORMATION

Each student is responsible for knowing the information in this catalog. The Institute makes available to each prospective student a written copy, or access to an electronic copy, of this catalog one week prior to enrollment or collection of tuition. A current copy of this Catalog is kept available at the Institute website. Tenaj Salon Institute reserves the right to change policies, schedules and/or make revisions to the curriculum.

EMPLOYMENT OUTLOOK

The following information was assembled using information from the United States Department of Labor, Occupational Outlook Handbook, 2014-15 Edition (Department) and O*NET Resource Center (O*NET) in partnership with the Department. For further details about occupational code 39-5012.00 which includes Hairdressers, Hairstylists, and Cosmetologists (collectively referred to as Cosmetology) visit the website of the Department; <http://www.bls.gov/ooh/> and O*NET; <http://www.onetonline.org/>

Nationwide O*NET's 2019 data shows 656,100 Cosmetology employees and projects a 2% decrease or 14,300 fewer jobs openings over the 10 year period of 2019 to 2029.

The data show 48,180 Cosmetologist's are employed in the state of Florida and project that number to grow 12% to 53,750 employees by 2028. Florida is on track to create an additional 5,570 Cosmetology jobs due to growth and net replacement.

The Department suggests that, overall Cosmetologist job opportunities are expected to be good. A large number of job openings will stem from the need to replace workers who transfer to other occupations, retire, or leave the occupation for other reasons. However, workers should expect strong competition for jobs and clients at higher paying salons, of which there are relatively few and for which applicants must compete with a large pool of experienced hairdressers and cosmetologists.

COURSE NUMBERING SYSTEM

The Institute follows an independent course numbering system to assign courses in accordance with program requirements. The system is designed to identify courses and differentiate the level of study. Courses are numbered sequentially and assigned a letter prefix depicting the program title.

SATISFACTORY ACADEMIC PROGRESS POLICY

Satisfactory Academic Progress in attendance and academic work is a requirement for all students, and students must maintain Satisfactory Academic Progress to continue eligibility for funding. All students are advised of, and sign off on this policy during the Pre-Enrollment Checklist process. To determine Satisfactory Academic Progress students will be evaluated for both academics and attendance, regardless of their attendance scheduled, within seven business days and at the student’s actual hours at 450 with a minimum of 13 weeks and at 900 hours with a minimum of 26 weeks and at 1200 hours with a minimum of 35 weeks.

Students will be provided with one of the following notices each time the student is evaluated for Satisfactory Academic Progress; a letter indicating they are making satisfactory progress, a Financial Aid Warning letter, a letter canceling the student’s eligibility, or a Financial Aid Probation Letter if the student appeals and wins. SAP records are kept within the students permanent file located within a secured electronic filing system, that only the Financial Aid Director has access to. Students can request SAP documentation from the Financial Aid Director at any time.

Attendance Policy/Progress

Students must attend a minimum of 85% of the cumulative scheduled hours to maintain Satisfactory Academic Progress and complete the program within the maximum time allowed. If the student cannot complete within the maximum time frame, they will be terminated. The student may be permitted to re-enroll in the program on cash-pay basis in a manner consistent with the re-enrollment provisions of the institution's admission policy. The maximum time frame is equal to 1.18 times the published length of the program, Cosmetology is 1412 scheduled hours. The Institution does not currently have a Leave of Absence Policy so contracts cannot be extended by any length of time.

The following is an example of the number of hours that students have to complete at the end of each payment period within the maximum weeks listed to be considered making Satisfactory Academic Progress.

Payment Period	Minimum Hours	35 Hr./Wk. Schedule Maximum Weeks
#1	450	15
#2	900	30
#3	1200	40

Academic Progress

Students are assigned theory study and practical assignments. Theory is evaluated by written exams given after each unit of study. Practical assignments are evaluated as completed and counted toward program completion only when rated as satisfactory or better. Practical skills are evaluated according to text procedures and performance standards established by the state licensing agency. Students must maintain a cumulative theory grade average of 80%.

Numerical grades are considered according to the following grading scale:

94%	To	100%	Equals	A
87%	To	93%	Equals	B
80%	To	86%	Equals	C
73%	To	79%	Equals	D
00%	To	72%	Equals	F

Determination of Progress

Students meeting requirements at the end of each payment period review points will be considered making Satisfactory Academic Progress until the end of the next scheduled payment period. In order for a student to be considered making Satisfactory Academic Progress, the student must meet both cumulative attendance and academic minimum requirements. If the student fails to meet the Satisfactory Academic Progress Policy they will lose access to Title IV funds unless they are on Financial Aid Warning, or

have appealed their Satisfactory Academic Progress status and prevail, making their current status Financial Aid Probation.

Financial Aid Warning

Students failing to meet requirements for attendance or academic progress at the end of any payment period, and are not currently on Financial Aid Warning, will be placed on Financial Aid Warning until the end of the next payment period. During the Financial Aid Warning period, students are considered to be making Satisfactory Academic Progress and students who receive federal funds may continue to be funded. If the student is meeting minimum requirements at the end of the Financial Aid Warning period, the student will be determined as making Satisfactory Academic Progress.

Financial Aid Probation

If the student fails to meet the Satisfactory Academic Policy requirements at the end of the Financial Aid Warning period, the student will be suspended from receiving Title IV funds. If the student decides to appeal the finding that they are not meeting the Satisfactory Academic Progress Policy and prevail on the appeal; the student can be placed on Financial Aids Probation until the end of the next payment period. A student cannot have successive periods in Financial Aid Warning status.

Appeal Process Policy

If a student is determined not to be making Satisfactory Academic Progress at the end of the Financial Aid Warning period, and the student decides to appeal, the Institution must determine that the satisfactory academic standards can be met by the end of the subsequent evaluation period, or the institution must develop an academic plan specific to the student that determines the student can meet the institutions Satisfactory Academic policy requirements by a specific point within the maximum time frame established for the individual student. The appeal must be based on the following: the death of a relative, an injury or illness of the student, or other special circumstances. The student must submit his/her written appeal notice to the school administration with supporting documentation including reasons why the determination should be reversed and what has changed in the student's situation that will allow the student to demonstrate Satisfactory Academic Progress at the end of the next payment period. The written appeal will be reviewed within five business days by the school administration and the student will be notified of the results in writing. The results of the appeal review are final and not appealable. If the student prevails on appeal, the student will be placed on Financial Aid Probation and will be considered making Satisfactory Academic Progress until the end of the next payment period. If the Institution determines during the review of the appeal that the student appeal should be granted but still could not complete the training within the maximum timeframe the institution will develop an academic plan for the student. The academic plan will be monitored by the institution and reviewed at the next scheduled payment period to make sure the student is adhering to the academic plan. If at the end of the next payment period,

the student is still not making progress or is not following the approved academic plan the students will then receive another letter canceling the student eligibility to receive Title IV funding. If the student wishes to continue to receive Title IV funding the student has to submit a new appeal which will follow the same appeal procedure listed above.

A student may not have more than one Financial Aid Probation period during the students' academic year. A student may appeal each time the institution determines that the student is no longer making Satisfactory Academic Progress and the results of that determination would mean the student is no longer eligible for Title IV Aid, or is terminated from the institution. A copy of the appeal documents along with the appeal determination letter will be maintained in the students file.

Re-establishment of Status

A student determined not to be making Satisfactory Academic Progress may re-establish Satisfactory Progress and Title IV eligibility by one or both of the following:

- 1) Making up missed tests and assignments and increasing cumulative grade point average to 80%
- 2) Increasing cumulative attendance to 85%

Transfer Students

The policy must establish that transfer hours from another institution that are accepted toward the student's educational program are counted as both attempted and completed hours for the purpose of determining when the allowable maximum time-frame has been exhausted. SAP evaluation periods are based on actual contracted hours at the institution.

Re-entry Students/ Interruptions

A determination of Satisfactory Academic Progress will be made and documented at the time of withdrawal. That determination of status will apply to students at the time they return to school. The student may appeal a negative Satisfactory Academic Progress determination according to the appeal policy.

Terminated students wishing to re-enroll in the Institute must complete a re-enrollment application and a personal interview with the Institute's admissions department. It is at this time the student will learn about curriculum, books, kits, and

tuition. Re-enrollment is at the discretion of the CEO. Decisions by the CEO regarding re-enrollment are final. The CEO or their representative will meet with the student within 21 business days of receiving the re-enrollment request. Re-entering students are required to pay a \$75.00 non-refundable registration fee and are subject to a new enrollment agreement, locker assignment and schedule change. Re-entering students are required to attend Institute orientation in uniform as detailed in the Personal Appearance Policy prior to starting. Upon re-entering the Institute, the student will receive their new attendance schedule and subject to availability a locker reassignment.

Returning students are required to present their original combination lock or at their expense purchase a new Institute authorized master keyed combination lock.

Transfer Evaluation

New students that transfer to the Institute with hours from another school will start with 0 hours and be evaluated at the same schedule as any other new student except that their contract length will be adjusted to give them credit for attempted and completed hours and clinical services per the school transfer policy for the remaining hours needed to complete the program.

Program Incompletes, Repetitions, Non-Credit Remedial Courses

The school does not recognize course incompletes, repetitions, and non-credit remedial courses. As a result, these events will have no effect on the institution's Satisfactory Academic Progress Policy.
